

The screenshot shows the Visual Studio Code interface. The Explorer pane on the left shows a file tree with 'lab00_check_berdon.py' selected. The main editor shows the code for 'lab00_check_berdon.py', which contains a single line: `print("Python is working")`. The Output pane at the bottom shows the execution results, including the command `PS C:\Visual Studio Code\python > pip install --user pip` and the output `Requirement already satisfied: pip in C:\Program Files\Python311\site-packages (20.2.1)`. The terminal pane at the bottom shows the command `PS C:\Visual Studio Code\python > pip install numpy scipy matplotlib` and the output `Requirement already satisfied: numpy in C:\Users\jason\AppData\Local\Programs\Python\Python311\site-packages (1.21.1)`.

The screenshot shows a text file named 'lab00_output_berdon.txt' with the following content:

```
1 Python : 3.14.7
2 NumPy : 2.5.2
3 SciPy : 1.18.0
4 Matplotlib : 3.11.1
5
6 mean of sin(x) over one period : 0.0
7 integral of sin(x) from 0 to pi : 2.0 (exact value 2)
8
9 figure written to figures/lab00_check.png
10 PLATFORM READY.
11
```

The screenshot shows the GitHub repository page for 'numerical-methods-lab'. The repository is owned by 'jason-berdon' and is a public repository. The repository has 1 branch and 0 tags. The repository is currently on the 'main' branch. The repository has 1 commit and 1 file. The repository is currently on the 'main' branch. The repository has 1 commit and 1 file. The repository is currently on the 'main' branch. The repository has 1 commit and 1 file.

Lab Assignment 0 - platform check
